

## Ericsson signs a seven-year managed services contract with FASTWEB

Contracts & Orders, July 30, 2012

---

Ericsson has signed a seven-year managed services contract with FASTWEB. the scope of the agreement includes data-center consolidation and transformation, as well as managed operations for its IT infrastructure.

The contract covers consulting and systems integration, transformation, management and maintenance of FASTWEB's data center. Through hardware transformation, using Ericsson's consulting and systems integration services, the operator two data centers will be consolidated, allowing FASTWEB to use its IT infrastructure more efficiently, enhance its time to market and lower its environmental footprint.
